We asked Japanese consumers about "Mo

st used internet providers / brands" and found that "SoftB

ank" takes the top spot, while "WIMAX" is at the oth

er end of the ranking. These results are based on a representative online survey

conducted in 2024 among 992 consumers in Japan.

Most used internet providers / brands in Japa

n 2024 - Statista

Most AT&T d

evices work on foreign frequencies of 1800MHz and 900MHz. In Japan o

r South Korea, you'll need a device that can use the 2100MHz frequency

pan&T LTE devices support band 4. These devices work in Cana

da and certain other countries.
