About GTA Games  
Introduced to the gaming world in 1997, the Grand Theft Auto (GTA) franchise has evolved and influenced the global gaming industry. Developed by Rockstar North and published by Rockstar Games, GTA Games are action-adventure games known for their open-world and narrative-driven gameplay, often revolving around criminal activity.

The franchise offers players an arena where unlimited exploits and lawlessness reign, and is known for pushing the boundaries of video game storytelling and design. The environments in these games offer satirical commentary that is often humorously reminiscent of American pop culture. In addition, the games feature extensive vehicular gameplay and a wide variety of missions, further enhancing their appeal to gamers worldwide.

What types of GTA games are there?  
The GTA franchise spans multiple platforms, with each version having unique characteristics and features. Notable versions of the series include:

Martingale what is it for? Martingale prevents the horse from raising its head too high. You can observe the mechanism of martingale when your horse sticks its head way up. In some instances, a horse might raise its head so high that the rider loses control over the animal.
