Multiplayer [edit]

Multiplayer features new and returning game modes, as well as maps that

accommodate both the traditional 6v6 format, as well as larger 12v12 combat. Th

e game also introduced a new game mode named "Fireteam", which can sup
port up to 40 players.[6] The Create-a-Class system from Modern Warfare returns,

with two major differences: field upgrades are implemented as part of class loa

douts, and each class has a wildcard choice out of four possible ones: Gunfighte

r (allows up to 8 primary weapon attachments), Perk Greed (allows 2 perks from e) Tj T* BT

platform progression.[3] Following an update, the progression system for multipl

ayer is integrated with Call of Duty: Warzone, allowing for a unified level syst

em across Cold War, Warzone and Modern Warfare. In addition, Operator characters

and weapons from Cold War are also added to Warzone to be used alongside Modern
