It is said that roughly 42% of  
horror audiences are women, with 58% being men. Horror films  
tend to intertwine with thrillers in the way that viewers seek out a certain thrill  
/scare by diving into a world which isn't their own.

People Who Seek Sensations People  
high in this trait tend to experience positive emotions when they have intense  
stimulating experiences, even if those experiences are negative. High sensa  
tion seekers are wired to enjoy the stimulating experience of horror films in  
a way people low in this trait are not.
