<p>About Paper Minecraft</p>  
<p>There's a lot to enjoy from the act of just stacking things on top of each other. Even though Minecraft can be seen as an advanced and complex version of stacking blocks, there's still the same enjoyment. By making it 2D, the experience becomes something like Terraria but with the blocky movement of Minecraft to make it authentic. There are even elements in place to make learning and starting the game much easier to give a sense of empowerment. Even if you do mess up, half the joy is building it all back up again when you return.</p>  
<p>How to Play</p>  
<p>Paper Minecraft tries to capture the gameplay of the original as much as possible. It is however limited to the keyboard and mouse.</p>
