Live Football Studio is very simple to play. Each game round you bet on either a Home Win, an Away Win or a Draw. Two cards are then dealt face-up on the football pitch-style table: one to the Home betting position on the table, and one to the Away betting position. The position that gets the higher card wins.

How Football Studio works

The cards are dealt from a shoe with eight decks (Jokers are excluded).

The player places a bet on either HOME (A), AWAY (B) or DRAW (X).

A single card face-up is dealt by the dealer to HOME (A) first, and to AWAY (B) second.

The highest card wins and pays even money 1:1.
