Macros emulate user input, which, on its own,

can never be considered cheating.

You can indeed trigger some

strange cases that can be considered cheating, but such kind of cheating is in

99.99% cases just what the developers overlooked, and it can be fixed by them.

Most tournaments are divided in

to two separate phases: Qualifiers, where teams play against each other to grab

a spot at the tournament; and the Main Event, where qualified teams play in either

single or double-elimination brackets to become the tournament's champion
