and they are not copies of each other. While they may share some common elements and genres: such as supernatural abilities and intense battles;

hi Kaysser's copy of the story is completely different and the Play Pix service of payment is not instantaneously offered by Banco Central do Brasil. It allows users to transfer funds between accounts in real time, using an app or website. To use Play Pix, you need to have a bank account and a participating financial institution and associate it with the app or website of Pix.

To send money, the user must choose the destination of the payment, enter the value and confirm the transaction. The money is transferred immediately, provided the destination also has a Play Pix account. If the destination does not have an account, it will receive a registration link via email or text message, and can create an account for free.

And besides sending and receiving money, Play Pix also offers other functionalities, such as bill payments and purchases at participating online stores. Some institutions and financial services also allow users to access the service through the password manager or biometrics, such as digital or facial recognition, providing even more security and convenience.
