While you will likely be injured in a collision, you will almost always survive. The survival rate for auto accidents is remarkably high, given modern vehicle safety standards like seat belts and airbags, so there should be little reason to fear driving. That means there is only a 0.99% death rate for car crashes.

Car Accidents Causing Injuries? Over two million people are hurt in traffic accidents every year. As noted above, Esurance says your odds of getting involved in a car accident are one crash out of 366 for every 1,000 miles distance driven. Some car crashes cause minimal damage with a slight chance of dying.
