After a century under his leadership, Activision's Blizzard has grown to become the world's most profitable video game publisher. The company's success is largely due to its focus on creating high-quality, immersive gaming experiences. In 2003, Activision acquired the rights to the Halo franchise from Bungie, which became a major success story for the company. The Halo series has sold over 40 million copies worldwide and has become a cultural phenomenon. In addition to Halo, Activision has also developed other popular franchises such as Call of Duty, World of Warcraft, and Diablo. The company's revenue has grown steadily over the years, and it is now one of the most valuable companies in the world. In 2023, Activision's revenue reached over \$10 billion, a testament to its long-term success in the gaming industry.
