Football corners predictions is one of the fairly ne w tips offered by tipsters and by us. Some say it's luck ; predicti ng corners in a football game, but we at AFootballReport find in corners very pr ofitable markets especially in live events ; when odds go very high as the game evolves.So how do we predict corners? Of course as any other football & #127771; prediction and corners are related to a number of pre-match and team f actors. First of all we should see the ; type of game we're looking for or the type of game we want to predict. Is it a game with ; a stro ng favorite or just two equally strengthen teams that play. If it's a game w ith a strong favorite probably ; we should pay attention to the corners race predictions as strong favorites always keep the ball in possession more th an ; the other teams and create more chances as they push forward almos t during the whole game. Keep in mind in ; live events that if the scor e is in favor of the favorite team then this team would not be so ; mot ivated to create chances and would probably win less corners than in a draw even t or from behind.;

Second thing we ; should use when making our corners tips is t o see the teams lineups and tactic for the upcoming game. Target ; tea ms with more offensive tactics and teams that use wingers heavily in their attac ks. For example, some good wingers for ; the home team could easily pro duce more than 10-20 crosses in the penalty area which very often defenders clea r in ; corners.;

Corners in the late stage of the game are more likely to happen than in the early minutes. Usually teams ; are very careful in the opening min utes of a football game and they try to enter the game more passively ; than aggressively. As the game continues depending on whether a team is losing or winning the game is leading to ; pushing forward and sending more pl ayers to attack or defend. This leads to significantly increasing the number of corners in ; the last minutes and that is what we want when predicting corners.;

Spot derby games. Derby games are always poor in ; goals, but
